

Bill Sewart Athletics Track Association Infield Maintenance Plan

Goal:

To keep the infield in the best possible condition throughout the year for athletics and soccer usage.

Users responsibilities

- To use the infield in a manner appropriate to what would be reasonably expected of the sport
- To perform inspections of the infield in accordance with the Licence Agreement.
- To repair and replace all divots after the throwing of Hammer or Discus
- To refrain from the throwing of any equipment weighing more than 7.26kg
- To take all reasonable steps to avoid using high usage areas during training, especially the soccer field goal areas
- To refrain from using the infield whenever a Sport Field Audit deems the infield unsafe and to provide the Audit report to the Facility Manager for consideration (bsatbookings3151@gmail.com)

BSAT Committee's responsibilities

- To organise all line marking on a fortnightly basis. Please view schedule [here](#)
- To complete weekly visual inspections of the infield and report any concerns to the Whitehorse Council. Weekly Visual Infield Inspection reports will be available [here](#)

Council's responsibilities

- Mowing is done weekly between Tuesday and Thursday
- To water, roll, re-seed and fill when required. This assessment is made by the Whitehorse Council using the Committee's Weekly Visual Infield Inspection Reports and their own assessment of the infield.

For all other general concerns with the infield's condition please email the Facility Manager if the concern is not already raised in the weekly visual infield inspection report.
